

PLYEDGE

THE NATURAL LOOK OF WOOD

Plyedge provides a beautiful and natural look for our interior decorating products, exposing the block board itself as the edge profile and leave it raw, covered with matte water-painted coating for protection. We have several options for the edge includes curve, bevel and semi-bevel, to meet different interior styles and needs. Plyedge can go with all range of laminates shown in our catalogue like wood grain, solid colour, color core and more. Perfect for desk tops, cabinets or other furniture.

APPLICATIONS

Table Tops / Furniture / Cabinet Doors

TABLE TOP

SIZE N DESCRIPTION

Materials	Block board + laminate
Minimum thickness	12mm + 2mm
Maximum thickness	18mm + 2mm
Edge	Curve / Bevel / Semi-bevel
